Pro Pharmaceuticals Group S19A Product List

April 2024

Pro Pharmaceuticals Group: Your Partner in Comprehensive Pharmaceutical Care

Expansive Range of Unlicensed Medicines

At Pro Pharmaceuticals Group, our mission is to cater to the varied healthcare requirements by offering an expansive range of unlicensed medicinal products. With a supply chain encompassing the United States, Canada, Europe, and other key regions, we facilitate access through the Special Access Scheme (SAS), Authorised Prescriber (AP), and S19a pathways. In strict compliance with TGA advertising regulations, we invite healthcare professionals to connect with us for in-depth product insights.

Dedication to Quality in Every Supply

We stand committed to impeccable quality. Our advanced temperature-controlled storage systems and meticulous Melbourne-based logistical operations ensure the delivery of our pharmaceuticals in optimal condition. Esteemed by over a thousand retail pharmacies and prominent hospitals, we're the preferred partner in pharmaceutical distribution across Australia.

A Heritage of Trust

Established by Sandip Manku, a passionate Australian pharmacist, Pro Pharmaceuticals Group has emerged as a trusted pharmaceutical wholesaler since 2015. Our legacy is built on consistently fulfilling the essential needs of hospitals and pharmacies with unparalleled expertise and care.

Exceptional S19A Supply Solutions

As a recognized S19A distributor, we specialize in supplying crucial medicines not yet registered in Australia. We are adept at navigating the dynamic landscape of pharmaceutical supply, ensuring timely access to vital treatments while honoring the intellectual property rights of all entities.

Please contact us for additional Information, orders can be also placed on-line by Approved Australian Retail Pharmacies.
